ROD'S RECIPE

From Executive Chef Rodney Cole

For many, a new year usually means a resolution to eat healthier, and that often means including salads in your meal plans. Add plenty of flavour and lots of anti-oxidants with this blueberry vinaigrette - especially great with spinach salad. Shake it up and enjoy!

BLUEBERRY VINAIGRETTE

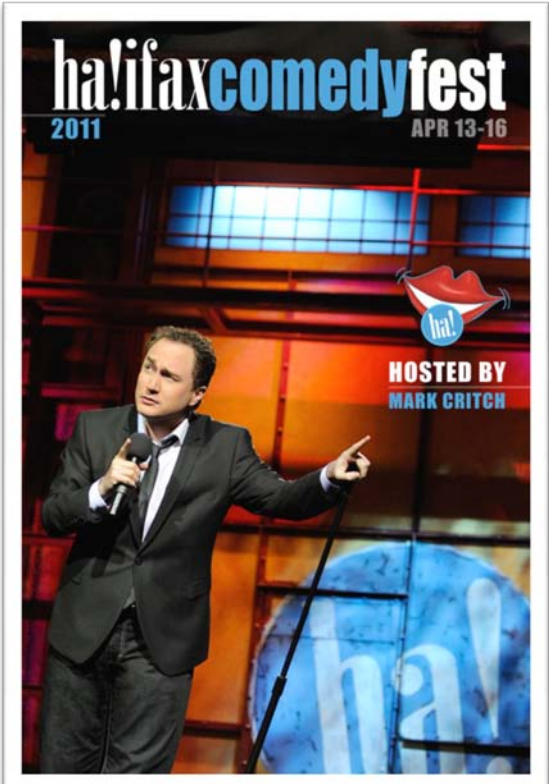

- 1 cup blueberries (fresh or frozen)
- ¼ cup maple syrup
- ¼ cup red wine vinegar
- 1 cup Canola oil
- Salt and cracked black pepper to taste

How to do it . . .

1. Add all ingredients to a blender.
2. Blend on high for approximately 4 to 5 minutes.
3. Adjust seasoning as needed.
4. Store unused dressing in the refrigerator. If kept refrigerated, it should retain be usable for one week.

Enjoy - and happy healthy eating!
